Docket OST-01-10575

**MOTION OF BRITISH MIDLAND AIRWAYS LIMITED D/B/A BMI BRITISH  
MIDLAND FOR CONFIDENTIAL TREATMENT  
UNDER 14 C.F.R. §302.12**

British Midland Airways Limited d/b/a bmi british midland ("bmi") hereby moves that the Department of Transportation ("Department") withhold certain proprietary and commercially sensitive confidential information from public disclosure pursuant to Rule 12 of the Department's Rules of Practice.<sup>1</sup> bmi is submitting confidential information in connection with the pending application of United, bmi, Austrian, Lauda, Lufthansa and SAS for approval of and antitrust immunity for an Alliance Expansion Agreement and an Amended Coordination

---

<sup>1</sup> 14 C.F.R. §302.12, formerly 14 C.F.R. §302.39

Agreement, filed on September 5, 2001 in the above-captioned docket. The confidential information submitted by bmi consists of documents prepared by and for bmi for its use in evaluating and planning various business strategies and competitive options. bmi requests that access to these documents be limited to counsel and third-party experts for interested parties who have executed and filed with the Department an appropriate confidentiality affidavit.

In support of this motion, bmi respectfully states as follows:

1. The confidential information submitted herewith is protected from public disclosure under various exemptions in the Freedom of Information Act, including 5 U.S.C. §552(b)(3) and 5 U.S.C. §552(b)(4). These exemptions exist to protect the “confidentiality of information which citizens provide to their government, but which would customarily not be released to the public[.]”<sup>2</sup>

Exemption 552(b)(4) exempts from public disclosure “trade secrets and commercial or financial information obtained from a person and privileged or confidential.” This exemption has been construed to prevent public disclosure of information that is not of the type usually publicly released, and that if released would cause substantial harm to the competitive position of the person from whom the information was obtained.<sup>3</sup>

---

<sup>2</sup> *Burke Energy Corp. v. DOE*, 583 F.Supp. 507, 510 (D.Kansas 1984).

<sup>3</sup> See, e.g., *Gulf & Western Industries, Inc. v. United States*, 615 F.2d 527, 530 (D.C.Cir. 1980); *National Parks & Conservation Ass’n v. Kleppe*, 547 F.2d 673, 684 (D.C.Cir. 1976); *Joint Application of Delta Airlines, Inc. and Virgin Atlantic*, Order 94-5-42, May 28, 1994; *Joint Application of United Air Lines, Inc. and Lufthansa German Airlines*, Order 93-12-32, December 18, 1993; *Joint Application of Northwest Airlines, Inc. and KLM Royal Dutch Airlines*, Order 93-1-11, January 8, 1993.

For information to qualify for exemption under 552(b)(4), the information must be (i) commercial or financial in nature; (ii) obtained from a person; and (iii) privileged or confidential.<sup>4</sup> The confidential information submitted by bmi satisfies this three-prong test.

First, the confidential information is commercial or financial in nature, in that it relates to commercially sensitive, proprietary and privileged financial and corporate information. As such confidential information is proprietary and commercially sensitive, it would not otherwise be made available publicly. bmi is submitting the confidential information so that the Department can expeditiously evaluate the public interest benefits that will result from granting approval of and antitrust immunity for the Alliance Expansion Agreement and an Amended Coordination Agreement.

Second, the information has been “obtained from a person” within the meaning of Section 552(b)(4).

Third, the information is “confidential.” This prong of Section 552(b)(4)’s requirements has been interpreted as meaning that information is confidential if it would not customarily be released to the public by the person from whom it was obtained, and if disclosure is likely to have either of the following results: (i) impair the Government’s ability to obtain necessary information in the future; or (ii) cause substantial harm to the competitive position of the person from whom the information was obtained.”<sup>5</sup> This information is not available to the public, and its public disclosure is not required to further the public interest or promote competition. In fact, bmi submits that public disclosure of the confidential information at issue here would cause substantial harm to its competitive position and could impair the government’s future ability to

---

<sup>4</sup> See *Public Citizen Health Research Group v. FDA*, 704 F.2d 1280, 1290 (D.C.Cir. 1983).

obtain similar information on a voluntary basis from individuals. The information thus qualifies for confidential treatment under Section 552(b)(4).

Withholding confidential information from public disclosure is also authorized under Section 552(b)(3). Exemption 3 pertains to information exempted specifically from disclosure by a statute, such as 49 U.S.C. §40115. Section 40115 provides that the Department may, on written request of a person, withhold certain information from public disclosure. bmi submits that release of the information that is the subject of this motion would “have an adverse effect on the competitive position of an air carrier in foreign air transportation” in that the documents pertain to strategies involving U.S. air carriers. Release of this information would therefore be contrary to the statutory requirement embodied in 49 U.S.C. §40115.

3. bmi is submitting highly sensitive internal corporate documents, studies, surveys, analyses and reports that should be accorded only limited access. Such access should rightly be granted only to counsel and third-party experts who have submitted affidavits pursuant to Rule 12 stating that they will use this confidential information only for the purpose of participating in this proceeding, and that they will not disclose such information to anyone other than counsel or third-party experts who have first executed and filed with the Department a valid affidavit.

The subject documents contain contain highly sensitive commercial information relating to bmi’s international business operations. The information contained in these documents has not been released publicly. If released, competitors would gain valuable insights into bmi’s internal strategies and objectives with respect to the most sensitive matters relating to bmi’s business plan and goals. To minimize the risk of harmful disclosure of these documents, access

Motion for Confidential Treatment  
Docket OST-01-10575  
October 18, 2001

should be limited strictly. In accordance with the Department's rules, bmi is separately filing with this motion six (6) copies of these documents in sealed boxes marked "Confidential Treatment Requested Under 14 C.F.R. §302.12."

bmi's request to limit disclosure to counsel and third-party experts is fully consistent with the Department's precedent and policy. In prior instances, the Department has granted requests to limit access to confidential documents to counsel and third-party experts who have submitted confidentiality affidavits.<sup>6</sup> bmi's motion is consistent with requests made in prior similar instances, and access to the documents should be restricted in a comparable manner.

---

<sup>6</sup> See, *Joint Application of United Air Lines, Inc. and Lufthansa German Airlines*, Order 93-12-32, December 18, 1993; *Joint Application of American Airlines, Inc. and Canadian International Airlines*, Order 96-1-6, January 11, 1996.

Motion for Confidential Treatment  
Docket OST-01-10575  
October 18, 2001

**WHEREFORE**, for the foregoing reasons, the Department of Transportation should grant British Midland Airways Limited d/b/a bmi british midland's motion to withhold from public disclosure its proprietary and commercially sensitive confidential information, as requested herein.

Respectfully submitted,
